

## Standard Bin Features

- 4 Hinged opening bins are provided with secure slam lock and key for added security
- 4 Mostly double walled, bins are robust and strong
- 4 Bin hoods are made with added strength for durability and security
- 4 One free, fire retardant inner liner is supplied with each bin
- 4 Made in Britain with recyclable polyethylene, bins are virtually maintenance free and are carbon friendly
- 4 Optional Bin Keeper secures bin to the ground (see page 21)
- 4 Available in 18 standard colours (see colour chart on centre pages)
- 4 Optional custom branding for personalisation and sponsorship

Please note, whilst every effort has been made to be accurate, capacities may vary slightly. All Amberol bins are robust and long lasting and can be used indoors or out.
